

SIGNATURE EXPERIENCE

Adam's signature Experience menu is exactly that, his signature approach to an experience focused evening of destination dining.

The menu has been created to tell the story of the terroir of the Northwest of England, with an accent on Manchester and is delivered in around 11 servings, all paired with an eclectic mix of drinks that have been both curated and, in some cases, developed specifically to pair with the dishes.

With all curated drinks and also mineral water for the table included, this is the best way to experience Adam Reid at The French without any upsells or add-ons; an all-inclusive approach to destination dining.
